Captain of Dry Navy's Hahn  
Reports \$175,000 Stock  
Aboard the Tacoma.

## FIGHT AT SEA PROMISED

Prohibition Fleet Has Orders  
to Fire on Any Boat That  
Resists Seizure.

Eight rum running ships are anchored in Atlantic waters, approximately fourteen miles off New York, said a report by Capt. George V. Tawes, commander of the prohibition navy's rum chaser Hahn, yesterday to John D. Appleby, bone dry chief and director of the dry navy, after a cruise just outside of the twelve mile limit.

The schooner Tacoma, flying a British flag, was boarded by the dry agents at the request of her captain and her cargo was searched. She was found laden with liquor, which her captain said was worth more than \$175,000. She is slightly more than a mile outside the twelve mile limit, so she cannot be seized legally.

The captain of the Tacoma, said Capt. Tawes, was polite and affable during the brief call of the dry agents. He was not questioned about where he got his cargo nor his destination.

Several other vessels were seen by the dry agents, but little was found on them, the cargoes probably having been removed recently.

Seizure of any rum laden vessel within the twelve mile limit has been ordered by Mr. Appleby. The Hahn probably will be dispatched again to the vicinity where the vessels are anchored.

"If the bootleggers intend the presence of these ships as a taunt we accept the gage of battle," said Mr. Appleby. "Commanders of dry navy rum chasers have been instructed to fire on rum laden vessels that resist arrest. Those instructions were not made in jest and we mean to seize every vessel known to be bringing illicit cargoes for New York and New Jersey ports."

Search will continue, said Mr. Appleby, for the mysterious Capt. Symonette, who is believed to be the operator of a fleet of rum running vessels between

New York and the Bahamas. Capt. Symonette, supposedly in New York, probably is directing the movements of the Tacoma and the other vessels, all believed to be transports of a rum running flotilla, headed by the motor yacht Onward, which on last Wednesday defeated attempts of dry navy officers to board her off Ambrose Light.

## FOUR ARRESTS IN RAID ON WEST SIDE SALOON

Beer at \$1 a Pint Far Above  
Dry Law Limit.

Hundreds of West Siders, living on Tenth and Eleventh avenues in the vicinity of Forty-sixth street last night were deprived of their beer.

Following information that the "real stuff" was being regularly dispensed at certain West Side bars to all those who were financially able to plunk down \$1 a pint for it, Detectives William Lehigh and Arthur Hall of Inspector Bolan's staff late yesterday made two raids on a barroom at 651 Tenth avenue and West Forty-sixth street and seized about thirty kegs of beer that tested far above the prescribed alcoholic content.

A covered motor truck was seen to back up to the entrance of the saloon. Keys were rolled therefrom. After three had been rolled to the sidewalk, the detectives arrived and arrested John Sheehan, 22, owner of the truck, 185 Columbus avenue, and Thomas Irwin, 59, a porter, who said he had no home. The truck was seized. A search behind the bar revealed eighty-five bottles of "porter." William McNichols, the bartender, of 448 West Fifty-seventh street, then was arrested, and all three taken to the West Forty-seventh street station.

The saloon, which had been locked by the detectives, was found operating two hours later. After arresting Thomas Caulfield of 151 West Tenth avenue, the officers found more kegs of beer in the cellar.

The four men were released in \$500 bail each for hearing in West Side Court this morning.

## MOTORMAN DRUNK IS CHARGE AFTER CRASH

Rams Into Truck in Bronx,  
Causing Mixup, Alleged.

John Miles, 35, of 556 West 161st street, a motorman, was arrested last night on a charge that while intoxicated he operated a trolley car of the Union Railway Company in The Bronx. Thomas Rosen of 1703 Vyse avenue, The Bronx, had stopped his automobile at 149th street and Mott avenue to allow traffic to cross when Miles, it is alleged, ran his trolley car against a truck directly behind Rosen's machine, driving the automobile against a taxicab. Rosen's car was badly damaged, but he escaped injury.

Policeman Kohler of Traffic C. who was directing traffic at the corner, arrested Miles.

## WRECKS TWO SALOONS.

Longshoreman Finally Overpowered by Six Policemen.

John Mannion, 29, of 33 Tenth avenue, a muscular longshoreman, went on a rampage yesterday afternoon and wrecked the saloons of Michael Kelleher, at 575 Tenth avenue, and Nicholas Stipich, at 537 Eleventh avenue. After he had overturned tables and chairs and put customers to rout from both places he was overpowered by six policemen and taken to Bellevue Hospital for observation.

## ALLEGED GRIP THIEF HELD IN \$10,000 BAIL

Detectives Say Owners Will  
Testify Against Lester.

Frederick A. Lester, arrested in Fifth avenue on Friday and accused of stealing many handbags out of automobiles, was held by Magistrate McQuade in the West Side court yesterday in \$10,000 bail for examination on Tuesday. Detectives said they would have in court owners of several of the handbags.

Two bags found in Lester's apartment at 510 West End avenue were identified by Miss Gertrude Drinkwine of Syracuse. She said they were stolen from a motor car in front of the home of her uncle, J. F. Rich, at 12 East Forty-fourth street. They contained wearing apparel which she valued at \$300.

Others who lost handbags were James J. Dulliver of Lake Shore Drive, Chicago; Harry B. Jones of 106 Washington street, East Orange, N. J., and Miss Mabel Peilding, who missed a bag containing riding breeches, a silk komono and lingerie.

Lester described himself as an electrical massage artist.

## "What do you think has happened?"

"My wonderful furs and my husband's winter clothes are ruined by moths." Thousands of housewives who thought the clothes they packed away this spring were free from moths are having those regrets right now. Thousands of housewives will have them next spring. Yet a few cents worth of Enoz will save all that grief.

Remember that moths are not the result of indifferent housekeeping. You find them in the best kept homes. A flying moth may indicate that others are hidden in your nice things where they have laid their eggs. And the eggs (which are too small to see) are invariably laid in hidden places—in dark closets, cracks and crevices, in the folds and seams of garments and in the filling of upholstery, in rugs and draperies.

Bear this fact (this irrefutable truth) in mind  
**Moths work all year 'round**

You seldom see moths flying in the fall and winter but the eggs laid in the warm months will be hatching into worms all winter long. Your only real safety is in completely destroying not only the moths but the moth worms and the eggs as well.

# ENOZ KILLS MOTHS

(Will Not Stain)

Enoz is a powerful spray. It destroys moths and moth worms instantly and more important still, it destroys moth eggs. So thoroughly processed that it cannot stain or injure or effect the dyes in the most delicate fabrics. Enoz is extremely penetrating; it permeates down where the moth eggs are laid and destroys every vestige of moth life. Simple to use. Just spray it on. Enoz is the original guaranteed moth killer. It does the work so thoroughly that it has been used for many years in millions of homes and also by leading manufacturers, wholesalers and retailers of garments, woolsens, furs, fabrics, upholstery, feathers and rugs to protect their own valuable stocks.

Pronounce it Ee-noz and be sure you get it. Imitations should be avoided. Enoz will not stain. Drug stores, department stores and hardware stores have it.

A pint of Enoz and a sprayer \$1.60  
In larger quantities the cost is much less  
Also put up in large containers for industrial use

In Answer to Thousands of Inquiries

You know that a rifle powerful enough to kill an elephant will kill a coyote. Enoz kills moths—the toughest of household pests. Of course it kills other household insects.
